

CALL FOR EXPRESSION OF INTEREST

EBRAINS SERVICES FOR SENSITIVE DATA

This Call for Expression of Interest (CEoI) aims to establish [EBRAINS](#) Services for Sensitive Data (EBRAINS SSD) as a part of the EBRAINS Research Infrastructure. The EBRAINS SSD shall 1) serve multinational research consortia in Europe, in support of basic, clinical and translational research in the diverse field of neuroscience, 2) deliver services and tools required to work efficiently across countries with research on sensitive neuroscience data originating from human subjects (directly identifiable or pseudonymised data), including collaborative sharing, collecting and analysing sensitive data. The EBRAINS SSD should also define routes for public sharing of its outputs (anonymised data and results) through the EBRAINS Data and Knowledge services.

Budget: EUR 1,000,000 Direct Costs. Maximum funding per proposal: EUR 1,000,000 (PLUS 25% Indirect Costs), one proposal will be selected.

For more information, please read the [Call documents](#).

A pre-final version of the proposal should be uploaded at least 3 days before the deadline (by 17 May 2021), to avoid being unable to submit due to eventual technical difficulties during a last-minute submission.

The proposal submission deadline is 20 May 2021 at 17:00 (Brussels time).

It is recommended to use Firefox to upload the proposal. For any questions on the submission procedure, please contact us at info@opencalls.humanbrainproject.eu.
